Nature Robots **Autonomy** Days 2026

● 16 – 17 November 2026 ● Copenrath Innovation Center · Hamburger Straße 24 · 49084 Osnabrück ● Join at any time

DAY 1

Interconnecting People & Ideas

Monday, 16 November · From 13:00 · With Phytophonik & AgriFlexBot

- 13:00** **Open Doors · Meet & Greet**
Arrival, get to know each other · Exhibition opens
- 13:30** **Welcome & Network Updates**
Nature Robots · Phytophonik · AgriFlexBot
- 14:00** **Speed Dating**
Interactive warm-up: who's in the room?
- 14:30** **Coffee Break**
Exhibition and networking
- 15:00** **Round Table 1**
Smart implements for field autonomy · Max. 12 participants
- 16:00** **Round Table 2**
Disease Detection PVY · Max. 12 participants
- 17:00** **Break**
Exhibition and networking
- 17:20** **Speed Ideation**
Pitch your project idea in 2–3 minutes and get direct feedback
- 18:00** **Dinner & Open End**
Informal networking

Parallel Programme

During the round tables, the Nature Robots in-house exhibition and an open networking room are available, so you can join where it fits you best. Got a project idea to pitch? Mention it in your registration.

DAY 2

Autonomy in Agriculture

Tuesday, 17 November · 08:00 – 17:15 · Keynotes, panel and live demos

- 08:00** **Registration & Welcome Coffee**
Arrival and networking
- 08:45** **Welcome**
Opening of the day by Nature Robots · Including a people warm-up
- 09:00** **Keynote · Ing. Erik Pekkeriet**
Overview of the European AgTech Robotics Market
- 09:30** **Keynote · Prof. Dr. Hans Schulte-Nölke**
Overview of the Current European AI & AgTech Legislation
- 10:00** **Panel Discussion · Safety & Compliance**
Opportunities and hurdles of autonomous systems · Live audience Q&A via Mentimeter
- 10:30** **Nature Robots Technology Keynote** SESSION A
General Overview of Solution Portfolio · Launch of New Features
- 11:15** **Product Breakouts & Live Demos** SESSION A
Mission Control · FAOS Features · Safety & Compliance
- 12:30** **Lunch Break**
Lunch and networking
- 13:30** **Keynote · tbd**
tbd
- 14:00** **Keynote · Dr.ir. Frits van Evert**
Overview of Autonomous Field Operations in Practice
- 14:30** **Customer Focus Forum**
Requirements of lead Nature Robots customers and practitioners
- 15:15** **Nature Robots Technology Keynote** SESSION B · REPEAT
General Overview of Solution Portfolio · Launch of New Features
- 16:00** **Product Breakouts & Live Demos** SESSION B · REPEAT
Mission Control · FAOS Features · Safety & Compliance
- 17:00** **Closing · Key Takeaways & Next Steps**
End approx. 17:15 · Optional networking afterwards

DAY 1

Interconnecting People & Ideas

Monday, 16 November · From 13:00 · With Phytophotonik & AgriFlexBot

- 13:00** **Open Doors · Meet & Greet**
Arrival, get to know each other · Exhibition opens
- 13:30** **Welcome & Network Updates**
Nature Robots · Phytophotonik · AgriFlexBot
- 14:00** **Speed Dating**
Interactive warm-up: who's in the room?
- 14:30** **Coffee Break**
Exhibition and networking
- 15:00** **Round Table 1**
Smart implements for field autonomy · Max. 12 participants
- 16:00** **Round Table 2**
Disease Detection PVY · Max. 12 participants
- 17:00** **Break**
Exhibition and networking
- 17:20** **Speed Ideation**
Pitch your project idea in 2–3 minutes and get direct feedback
- 18:00** **Dinner & Open End**
Informal networking

Parallel Programme

During the round tables, the Nature Robots in-house exhibition and an open networking room are available, so you can join where it fits you best. Got a project idea to pitch? Mention it in your registration.

DAY 1

Day 1 at a Glance

Monday, 16 November · Why to come · Formats · Good to know

WHY TO COME

- **Network:** meet industry, start-ups and research from Phytophotonik & AgriFlexBot
- **Co-work:** tackle real challenges in small, moderated round tables
- **Partner up:** find partners and feedback for your own project idea

FORMATS AT A GLANCE

Speed Dating

A playful quiz round with guiding questions: who is in the room and who should you talk to?

Round Tables

Moderated small groups (max. 12): first demand and problem scope, then solution potentials and best practice. Topics: Smart implements for field autonomy · Disease Detection PVY

Speed Ideation

Pitch your project idea in 2–3 minutes and get 2 minutes of feedback: what is good, what is missing, who you should meet.

Exhibition & Networking

Nature Robots in-house exhibition and an open networking room, all afternoon long.

GOOD TO KNOW

- **Who:** industry, start-ups, research and networks in robotics, sensing and digital agriculture
- **Flexible:** join at any time from 13:00
- **Pitch:** mention your project idea in the registration form
- **Accommodation:** Several hotels are only minutes away from the venue: B&B Hotel Osnabrück, Best Western Hotel Hohenzollern, ibis budget Osnabrueck City, Holiday Inn Osnabrueck by IHG, ...

DAY 2

Day 2 at a Glance

Tuesday, 17 November · Why to come · Keynote speakers · Good to know

WHY TO COME

- **Up to date:** market, legislation and field practice in one morning
- **Hands-on:** new Nature Robots features live, direct talks with the developers
- **Co-create:** shape the roadmap in the Customer Focus Forum

KEYNOTE SPEAKERS

Ing. Erik Pekkeriet
Programme Manager Vision +
Robotics, Wageningen
University & Research
Talk: European AgTech
Robotics Market

Prof. Dr. Hans Schulte-Nölke
Chair of European Private
Law, Osnabrück University
Talk: European AI & AgTech
Legislation

Dr.ir. Frits van Evert
Senior Researcher Precision
Agriculture, Wageningen
University & Research
Talk: Autonomous Field
Operations in Practice

GOOD TO KNOW

- **Sessions A & B:** identical content, join the morning or the afternoon round
- **Demo stations:** Mission Control · FAOS Features · Safety & Compliance
- **Live Q&A:** bring your questions for the panel via Mentimeter
- **Accommodation:** Several hotels are only minutes away from the venue: B&B Hotel Osnabrück, Best Western Hotel Hohenzollern, ibis budget Osnabrueck City, Holiday Inn Osnabrueck by IHG, ...
