

## Content Creator (f/m/d)

Working Student, Part-time in Osnabrück, Germany

Nature Robots GmbH, an innovative AI and robotics startup for regenerative agriculture, based in Osnabrück, is looking for a committed Working Student to support our team as soon as possible.

### Your tasks:

- Creating and editing photo and video material of our robots, projects, and events
- Producing social media content (LinkedIn, Instagram, etc.)
- Designing graphics, presentations, and visuals (e.g., with Canva, Adobe Cloud)
- Supporting the maintenance and further development of our website
- Contributing creatively to storytelling & campaign ideas

### What you bring:

- Enrolled student in a relevant field (media, communications, design, marketing, agricultural sciences, or similar)
- Initial experience in content creation, social media, or media production is an advantage but not required
- Creative approach to working with images, video, and language
- Confident use of common tools (e.g., Canva, Adobe Cloud)
- Affinity for technology, sustainability, and agriculture
- Independent and reliable working style

### What we offer:

- Flexible working hours (approx. 10–15 hrs/week)
- Exciting insights into a dynamic tech startup
- Contributing to the future of sustainable agriculture
- Office in the heart of Osnabrück, right by Hasepark
