

Unsolicited application (f/m/d)

Permanent employee, Full-time in Osnabrück, Germany

About Nature Robots

Nature Robots is a disruptive robotics and AI startup dedicated to transforming agriculture through innovation. We are committed to developing cutting-edge solutions that support regenerative and sustainable farming practices, addressing the challenges posed by climate change, population growth, and the need for local food production.

At Nature Robots, we are always looking for passionate and talented individuals to join our mission to revolutionize agriculture with robotics and AI. We are continuously seeking candidates in the following areas:

- Sales
- Web Development
- Robotics
- Mechatronics

Even if there is no open listing at the moment, we welcome unsolicited applications from people passionate about transforming agriculture through sustainable innovation.

The Opportunity

At Nature Robots, you'll be part of a visionary team transforming agriculture through robotics and AI. Whether your expertise lies in robotics, business development, or web technologies, your work will directly contribute to creating sustainable, intelligent farming solutions. Join a fast-growing startup where your skills help shape the future of food production, empower farmers, and enhance sustainable food production.

What We're Looking For

Depending on the role, some job-specific qualifications may apply. Not all of them are expected from a single candidate.

General Requirements

- Passion for technology, sustainability, and innovation
- Problem-solving mindset and ability to work in a fast-paced startup environment
- Strong communication skills in English & German

Our offer

- A meaningful role in a pioneering software & agri-tech startup making a real-world impact with real products.
- We offer challenges every day and organic growth opportunities as the company scales.
- Corporate benefits, such as Gym memberships (HanseFit), etc.
- 30 vacation days, flexible hours and hybrid solutions.
- Work in an agile and iconic environment, the Coppenrath Innovation Centre (CIC - www.cic-os.de) close to Osnabrück Main Station and at our external test facility in the nature with a workshop, an office and a fenced agricultural test environment close to Bohmte (www.arenshorst.com).
